- Completion of at least one Distributive Studies course* from the Humanities or Social Sciences
- Completion of MATH 141 (Calculus II) with a minimum grade of 2.0
- Completion of ENES 100 (Intro to Engineering Design) with a minimum grade of 2.0
- Completion of PHYS 161 (Physics I) with a minimum grade of 2.0
- Completion of CHEM 113 (Chemistry II), CHEM 135 or CHEM 271/272 with a minimum grade of 2.0
- Bioengineering students must also complete BIOE 120 with a minimum grade of 2.0
- Students in other Engineering majors or Engineering undecided who wish to be a BIOE major must complete BIOE 120 with a grade of 3.0.

A minimum grade point average of 2.0 in all courses is required at the 45-credit review

Transfer Admission Requirements: Students beyond their first semester and those off campus wishing to transfer are required to meet the following gateway criteria:

PLEASE NOTE

- Only one “gateway” or performance review course may be repeated to earn the required grade and that course may only be repeated once.
- Students may apply only once to an LEP. Students who are directly admitted and fail to meet the performance review criteria will be dismissed from the major and may not reapply.
- Students must maintain a minimum cumulative GPA of 2.00. Failure to do so will result in dismissal from the major.
- Any student denied admission or dismissed from the major may appeal in writing directly to the Associate Dean of the School.
